Senior Learners went to the Bribie Is. Camp in April this year. We stayed there for three days and everyone had so much fun.

On Monday we visited Alma Park Zoo. At the zoo students had an opportunity to see many Australian animals and also animals from other parts of the world. We had a close encounter with kangaroos, donkeys, emus and farm animals.

On Tuesday we visited Underwater World. The students enjoyed Seal Show, walked through the Shark Tunnel, touched star fish and saw many other water creatures.

On the same day after having dinner at the Bribie Is. hotel we had a disco night with live music. The local band played for us and everyone joined the dance!

On Wednesday before we came back to school we had a walk on the beach and lunch at Morgan’s.

All students enjoyed the camp. It was fun!
