

Investing for Success

**Under this agreement for 2022
Aspley Special School will receive**

\$65,513.00*

This funding will be used to

- Collect Representation of Oral Language and Engagement: Mathematics (RoleM) data and develop resources, in line with implementing the Australian Curriculum and relevant student goals
- Employ additional Speech Language Pathology time to work with students, parents, care givers and teachers to enhance students' communication.
- Moderate and monitor the Roadmap of Communicative Competence (ROCC) assessment data to ensure consistency and to enhance students' communication.
- Increase staff capacity, in line with Positive Behaviour for Learning (PBL), to enable students to be Ready to Learn.
- Ensure students are attaining a Queensland Certificate of Individual Achievement (QCIA) and Vocational Education Training (VET) or Award Scheme Development and Accreditation Scheme (ASDAN) certification that can enhance post school pathways.

Our initiatives include

- Reviewing each students' performance, engagement and attainment based on data collected, recorded and analysed in the targeted areas, as part of a cycle of inquiry designed to improve learning.
- Using recurring data cycles to monitor and adjust learning programs.
- Aligning specific teaching and learning pedagogies to implement student outcomes in Communication and Mathematics.
- Supporting the development of cycle of inquiry processes to build teacher capability in identifying, sharing and implementing effective teaching practices.
- Improving teacher capability to collaboratively moderate the assessment of communication.
- Training more staff in Mandt System and Berry Street Education Model (BSEM) to improve PBL practices and strategies.
- Improving student exit outcomes and providing experiences to a variety of post school options.

Our school will improve student outcomes by
